

Institution – Industry Cell

Institution – Industry Cell (IIC) is established in the year of 2018 to fill the gap between the institute and industry and thus enhancing the relationship among each other.

This cell identifies the industrial expectation and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes.

The aim of the cell is to make an effective contribution to educational system identifying the gap between academic curriculum and need of the industry.

Institution – Industry Cell promotes in equipping faculty to latest practices and makes the students industry-ready by providing exposure to current industry practices and hone their skills to adapt changing technologies.

The primary focus of Institution – Industry Cell is to interact with elite industries across the country and establish partnership them.

Function of the Cell

The institute has set up an Industry-Institute Partnership Cell with the following objectives:

- Bridging the gap between Industry-Institute by interactive programs
- Promoting a partnership approach towards mobilizing industrial personnel.
- To arrange for students' industrial visit.
- Organizing seminars, symposium, exhibitions and workshops both for faculties and students in cutting edge technologies to cater to the current need of the industry.
- To arrange industrial training for students and faculty members
- To identify the opportunities for student project work in Industries
- To encourage the department level tie-ups or MoUs with Industries for the mutual benefit.
- To promote consultancy activities and research and developmental activities with industry.
- To enrich the teaching learning process through identified industrial gap.
- To invite industry experts for guest lectures, seminars Brain-storming sessions and expertise sharing.

Dear Sir /Madam

Sub: Permission for Industrial visit-reg.

Krishnaveni college of engineering for women, one of the reputed engineering college in Guntur district, A.p, which is known for its excellent record in academics and co-curricular activities. The state of the art facilities and competent faculty provide an excellent climate for all the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial visits to an few industries of repute. We feel it will be fruitful if the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, we would like to send a batch of about 50 students of electronics & communications engineering branch of III- B.tech year accompanied by 4 staff members to visit your esteemed satellite center preferably on 7th Jan 2019. I request you to kindly accord the necessary permission for the above visit and make arrangements for guiding the students.

We assure you that our students will observe the rules and regulations that are prescribed by your industry for the visitors and will no way disturb the functioning of the industry during their visit. We shall be grateful for a favorable response.

Thanking you

Yours sincerely,

Principal
